# WOOD'S HIGH-GRADE GARDEN SEEDS

There is something to plant every month in the home garden. Consult the Planter's Time Table on page 2 of our 1953 Spring Catalog. If you have not received a copy, write for it. **Mailed Free.**

**Wood's Seeds Are Tested** and we know that they will grow before they are sent out. Even then they occasionally do not come up, due to causes over which we have no control, such as covering too deeply or not deeply enough; too little or too much moisture, cold weather, insects or a crust through which the sprouts cannot penetrate, etc.; therefore, **T. W. Wood & Sons** warrant to the extent of the purchase price that Seeds, Bulbs and Plants sold are as described on the container, within recognized tolerances. We give no other or further warranty, express or implied.
